

High School Planning Team to be formed at NCCS

Parental involvement is an important part of the success of any high school. At NCCS we want to do all we can to make parents and community members feel that they are part of the educational process. We are therefore happy to announce the formation of a High School Planning Team which will have the goal of helping our school best meet the needs of our students.

This committee, which will fall under the umbrella of the district shared decision making committee, will be free to address the following topics:

- Behavioral Management
- Communication
- Curriculum
- Staff Recruitment
- Assessment
- Extra Curricular Activities

Issues that are beyond the realm of discussion for this committee include:

- Contractual issues
- Evaluation of staff
- Appointment and placement of staff
- Seniority
- Commissioner's Regulations
- State Law

We encourage all interested parents, students, and community members to attend the inaugural meeting of this committee which will take place on December 2nd from 5 pm – 6 pm in the middle/high school library. The goal of the first meeting will be to discuss recent changes in the school, to provide a forum for community concerns, and to identify specific action items for the committee to address.

The meeting is open to all. Please contact me at 298-8638 if you have any questions.

Regards,

Stephen Gratto – NCCS High School Principal
