

11/19/2020

Good afternoon,

Northeastern Clinton CSD is beginning preparations for a potential winter interscholastic athletic season for **bowling**. As we plan, we will work within the guidelines set forth by Governor Cuomo, New York State Department of Health, the Centers for Disease Control, and the New York State Public High School Athletic Association.

NYSPHSAA has announced the movement of the start date for the high-risk sports of hockey, basketball, and competitive cheer to January 4. This start date is also dependent upon the approval of high-risk sports from the Governor's office. Therefore, parent of athletes involved in these sports do not need to complete the athletic registration at this point.

We are asking that parents of bowlers register your child(ren) by Wednesday, November 25, 2020.

We will use these registration numbers to help guide our decision moving forward. This registration does not guarantee a bowling season will occur.

To sign up your child, please visit:

<https://nccscougar-ar.schooltoday.com/>

Please make sure to register for Winter 2020-2021.

Recent physicals can be faxed to 518-298-2873 or emailed to our nurses.

As we have learned over the past few months, plans can change at any moment. Northeastern Clinton CSD will continue to be flexible and responsive as we navigate the guidance and different variables as they arise. Should you have any questions or concerns, please feel free to reach out to one of our school nurses or myself. Thank you for your continued support of Cougar Athletics.

Sincerely,

Nicholas Trombley
Director of Athletics
