

Northeastern Clinton CSD

Wireless Hotspot Parental Consent Form

The Northeastern Clinton Central School District is offering a limited number of free wireless hotspot devices to students who do not have Internet access at home. This program enables students to “check out” Internet service for up to four weeks at a time—absolutely free. Both the device and monthly service fees are fully paid by the district. The program is intended to help NCCS students access online resources at home to help bridge the digital divide and ensure educational equity. To ensure peace of mind, these devices use internet content filtering and monitored by the District. The borrowing limit is one device per household, but these devices can be signed out repeatedly throughout the year. By signing this form, the parent agrees to assume all responsibility for equipment signed out to the student. A replacement fee of \$99 will be charged if the device is lost, damaged or not returned.
